OUR STORY

From humble beginnings to the present day, Wayne Enterprises continues to grow as the premier uniform and PPE provider in North America.

- Wayne Enterprises was founded in 1982 by Jim Kirkman.
- With only 1,500 square foot garage and 3 employees, Wayne expanded to a 5,000 square foot facility by 1986.
- By 2008, Wayne Enterprises was operating out of a 46,000 square foot facility, supported by over a 100 employees.
- Today, Jim's daughter, Denise, leads Wayne Enterprises and has grown the company into a 136,500 square foot corporation facility.
- Wayne is blessed to have grown to nearly 200 employees and thousands of very valued customers. We are beyond thankful for each one and hope to grow many years into the future.
- Wayne Enterprises is certified as a women's business enterprise by the Women's Business Enterprise National Council (WBENC), the nation's largest third-party certifier of the businesses owned and operated by women in the United States.

OUR MAIN AREA OF EXPERTISE

What we do best

We are driven by providing variety of quality garments and safety equipment for your business.

DEEP INVENTORY

- 65,300 square foot warehouse.
 - 100% barcode controlled inventory.
 - 3 to 5 day turn around, even with garments customizations.
 - Individual packaging on bulk orders available.
- By always maintaining a minimum of one month's excess inventory with an additional month's in process, we are able to fulfill our customer's orders and still have ample inventory to service unexpected increases in demand.

In addition, our extensive vendor selection gives you the power of choice while also protecting you from relying on any one specific vendor's distribution capabilities. If one vendor has an issue, you have access to many other channels to get your garments on time.

EMBROIDERY

We maintain over 100 heads of direct embroidery machines at our corporate warehouse.

This means your garment customization are all done in-house and never have to leave our building until they are on their way to you, cutting down lead time and getting your team outfitted quicker.

Even better, we are able to embroider with Flame-Resistant thread to keep your team safe. How many other supplies can make that claim?

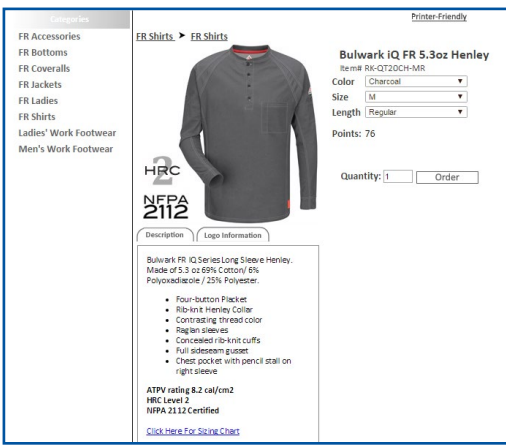

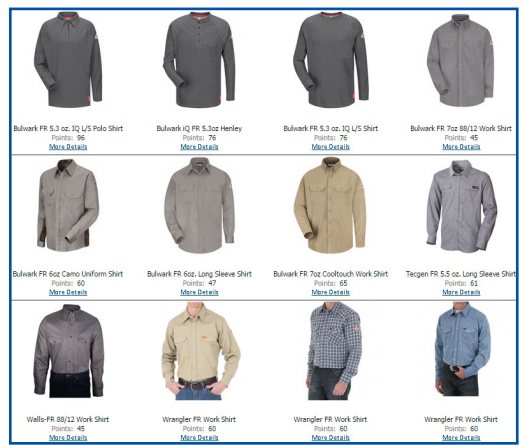

- Logo
- Patches
- Hemming
- Reflective Taping
- Names

5 | EMPLOYEE ALLOCATION PROGRAMS

HOW FAR CAN WE BREAK IT DOWN?

- How do you outfit each individual with what they need and only what they need?
- How do you achieve image consistency and still allow employees the power of choice?
- How do you minimize administrative involvement in the ordering process?

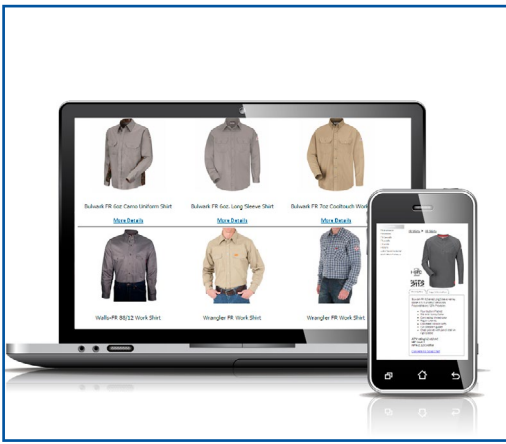

All of these important questions are easily solved with Allocation Programs. With your custom program, we can develop ‘tiers’ of employees based on their garment usage job role.

If one group is consistently out in the field, then their allocation can be updated more frequently than another group who only goes out every often.

Allocations are issued automatically based on the parameters and built-in ceilings you define to prevent unnecessary spending.

IT IS THAT EASY!

6

OTHER WAYS TO USE YOUR PROGRAM

Having trouble getting all of your team with safety equipment and with in a consistent and professional look?

See how we can revolutionize the way your team orders uniforms and how to provide incentives to your team. Incentives are a great way to encourage a safety culture or provide some valued recognition in your organization.

We set up your custom program based on your specific needs, review and launch your custom ordering site.

WORK BOOT PROGRAMS

Allow us to manage your safety shoe program through a customize site. We have over 30 styles available for your team.

PPE PROGRAMS

Separate the items by function or combine them into one site. Top FR Clothing brands like Bulwark, Carhartt, and many more.

RECOGNITION & INCENTIVE PROGRAMS

Employees earn points by performing safe practices at work, achieving milestones, or having impeccable attendance, and can use those points for exciting products.

AND WE CAN DO MORE

The Wayne Workwear boot truck at your job site with over 900 pairs on board.

BOOT TRUCK

With over 30 styles of the most comfortable work boots onboard, our Wayne Boot Truck comes directly to you! Making rounds in Houston, TX, and surrounding areas, the boot truck offers the most convenient solution to outfitting your team with new boots. In addition, Wayne Workwear boot truck has a variety selection for women.

We accept vouchers, cash and credit card payments. Schedule your appointment now or contact us at: **713.896.0300**

PROMOTIONAL PRODUCTS

Promotional products are an incredibly powerful marketing tool since they allow a brand to connect with consumers and often create a more memorable brand experience.

The more you promote your brand, the more will your customers know about you and your company, and the more will they be interested in your product or service.

We customize your selection of promotional products. At Wayne we count with a variety of imprint techniques to reproduce your promotional products. We have renowned brands such as Yeti, Artic, Fossil, Oakley, Swiss army, etc. Ask for more information to your sales representative.
